

Arctic Ocean Adventure

We can offer an ocean adventure concept based on a two (2) night stay focusing on the “culinary delights” of the sea. Accompanied by our “fisherman” Roderick Sloan you will be foraging shellfish, fish and other delicacies of the ocean – and thereafter cook today’s harvest together with him and/or our own chef.

The stay includes the following:

- Full board (breakfast, lunch and dinner)
- Dinner service consisting of a 3 course dinner the day of arrival and 7 course dinner at the final evening. If late arrival the first day/evening – we can arrange for a light supper option, some Norwegian cheese and cold meat instead of the 3 course dinner.
- Exploring the ocean by boat and foraging its delicacies
- Lunch in the boathouse in rustic fishery surroundings
- Five twin-sharing/double bedrooms and three bathrooms in the main house
- Access to spa facilities
- Use of pavilion with a direct view of the Lofoten archipelago (no light pollution)
